RESEARCH SKILLS: LIBRARY WORKSHOPS

Helping faculty, students, researchers and staff develop information literacy, digital literacy and research skills.

Learn your Library and Introduction to Research

This workshop will give you an overview about key resources and services of BRACU library. This will also help you to develop effective search strategies to find relevant sources for your work and best Practice for Literature Searching.

Learning Outcomes

After attending the workshop, participants will be able to know...

- About the library resources and services available at BRAC University Library.
- Basic to advanced search strategies and techniques to identify relevant research material.
- How to assess sources for currency, relevancy, authority and scholarly value.
- How to assess the reliability and appropriateness of information found on the Web.
- How to access resources from off-campus and where to get research help.
